Dear Parents and Carers

I am writing to ask you once again, if you could please wear face coverings when entering the school site. The cases in Essex are growing rapidly in number and many local schools are having to fully or partially lockdown due to COVID-19 cases.

Many parents have written to me telling me that they feel unsafe in the playground due to parents not wearing face coverings and not social distancing appropriately.

So far, Holland Haven has been fortunate and we have not needed to close any class bubbles but I feel very concerned each morning and afternoon when I see parents coming onto the school site without some form of face protection. If we all wear a face covering (mask or visor) we are taking care of each other and I hope we will remain safe and stay open.

Please help us to stay safe.

Yours faithfully
