Dear Parents and Carers

So that all our teachers can keep in contact with their pupils during lockdown, we have decided that teachers will organise short Zoom meetings for pupils in their class every fortnight.

The children will receive a Zoom invite in their school GMail account in advance of the meeting. It will contain a link that they can click on to join. In the meeting, teachers may read a story, host a quiz or a scavenger hunt etc. so it will be a chance for the children to see their teachers and friends and have some fun together. In cases where siblings have their Zoom meeting scheduled for the same day, teachers will stagger the times to ensure they do not clash. The Zoom invite will say what time the meeting will start, so tell children to keep an eye out for this in the GMail inbox!

In KS1, because our pupils do not have a school email address, Mrs Cardy has placed some videos of teachers reading stories or sharing activities with their class. These will also change fortnightly. They can be found on the school website under 'Curriculum and Classes', 'Lower school'. Some videos have already been added.
